## MY APPROACH TO MANUFACTURING

I design and hand make all my lighting in my Bristol workshop. Everything is made with a mid century approach to manufacturing, my lighting is designed to last and made to the highest standards. I offer a full 10 year guarantee on all my lighting as I am confident in my workmanship and the finished lights I produce.

I have perfected the ageing process of metal, and I can age and distress copper and steel to create some lovely rustic and industrial inspired finishes. My week aged Verdigris copper is a show stopper and something I am very proud of. I have a display in my Bristol showroom and it gets great feedback. Each one ages slightly differently and no two are the same. They have a textured natural finish and reward any interior space with a statement visually appealing source of light.

I also offer a bespoke design and build service. Working with clients from all over the world I have made some gorgeous one off pieces. I have a dedicated team of people I work with who share my passion for lighting and building the best products.

# INDUSTRIAL FIRE-RATED DOWNLIGHTS

**Rusted Metal**  
FBLDOWNRUST

## INDUSTRIAL -DOWNLIGHTS-

An exciting collection of fire-rated downlights. Each bezel is hand finished in my Bristol workshop. I created this range to satisfy the primary lighting requirements of a design. Ideal for use with LED GU10 lamps.

**Aged Copper**  
FBLDOWNAGED

**Polished Copper**  
FBLDOWNCOPPER

**Natural Copper**  
FBLDOWN####

**Satin Gold**  
FBLDOWN####

**Brushed Aluminium**  
FBLDOWNALU

**Rusted Metal**  
FBLDOWNRUST

**Verdigris**  
FBLDOWNVERDE

### Specifications

Total height: 95mm  
Diameter: 82mm  
Cutout diameter: 72mm  
Lamp type: GU10  
Fire-Rated  
Lamps Not Included  
I recommend an LED GU10

# INDUSTRIAL BATTEN HOLDERS

Rusted Batten Holder  
FBLRUSTBATTEN

White & Copper  
FBLWHTCOPBATTEN

Verdigris & Concrete  
FBLVERDECONBATTEN

Verdigris  
FBLVERDEBATTEN

Duck Egg  
FBLDUCKBATTEN

I created this range to overcome the challenge of lighting a space with low ceilings. These beautiful fittings can also be used as wall lights, to add a touch of Hollywood to your design.

Mix and match roses and lamp holders to get the perfect style for your project.

FBLGRIPBK

Hand finished E27 lampholders. Each holder is supplied with a cord grip and a push fit E27 internal lampholder, which does not need to be earthed unless it is one of the threaded lamp holders on the left which require 3 core cable with an earth. Threaded lamp holders come with two outer lock rings and are ideal for use with a shade. I can make up a bespoke pendant set for you, including wiring and testing the lampholders, please contact me for a quote.  
\*Decorative fabric cable and filament lamps sold separately.

## DECORATIVE FABRIC CABLE

I stock an extensive range of 3 core decorative cable for use with your own projects or for wiring my multi-way ceiling roses. Available by the metre or as a 50m drum. I can source a huge range of different coloured cables for you, contact me to discuss your requirements.

LED Golf Ball  
FBLGOLFE27

My LED vintage style lamps are a direct replacement for the classic incandescent squirrel cage lamps. They have a superwarm white colour temperature and are fully dimmable.

They have no heat sink and a life expectancy of 30,000 hours whilst only burning 4 - 6 watts.

## LED DIMMERS

### Product Info

A stylish matte white LED compatible dimmer collection. Flatplate and screwless front plate with a polished copper feature dimmer knob to add some contrast to the design.

You will require 35mm deep back boxes to fit these slimline dimmers.

# HANDMADE CUBE LIGHTING

## Product Info

Three Sizes Available

- Ø 300 mm
- 600 mm
- 1000 mm

Shown in matte white with polished copper lampholders. I can make this in any colour or finish required. Please contact me to discuss your project.

300mm cubes come complete with 3 lamps, 600mm and 1000mm cubes come complete with 6 lamps, these can either be 120mm globes, LED squirrel cage lamps or a mix of the two.

Follow Me on Instagram  
**@fraserbesant**

## BESPOKE LIGHTING

I love a challenge and I love lighting. I offer a bespoke design and build service and can turn almost anything into a light. I have worked my magic over the years and converted a soviet missile case into a statement lamp. I turned an old saxophone into a desk light for a musician and this is a 1950s original gum-ball machine which I turned into a floor light for a home cinema room. I designed and manufactured a bespoke lamp holder to hold the glass top in place and even made the turn key on the front into a working dimmer switch.

Contact me to discuss a bespoke design.

## AWARD WINNING LIGHTING DESIGN SERVICE

Developing my own brand of lighting wouldn't be possible without the experience I have gained from working as a professional lighting designer for more than 10 years, from new builds to retail outlets. I utilise my product knowledge to help you get the best out of your space and then in turn use what I have learned to inspire the development of new products in my catalogue.

If you would like to book an appointment with me to help you develop a spectacular lighting design for your project please contact me via my website:
